Suit Settled. Many were summoned as witnesses

Killingly to appear at court in Putnam Wednesday. The case was settled before court opened Wednesday, however, and as a result the borough of Danielson will pay Philip Frazer \$500 for damages claimed as a result of raising the highway in front of his residence on Dyer street. The highway was raised by the town of Killingly through an agreement with the borough whereby the borough was to assume all responsibilities and to pay all damages which might result from the changing of the grade of the highway. The change had to be made in order that the borough sewer might have proper fall to the outlet in the new sewer beds at the borough farm which is just below this point.

Albert Meilor of Willimantle was a visitor here Wednesday.

# Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and parter substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expess danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information .- Hall's Journal of Health.

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Or. Raymond M. Evarts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says : "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

teen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent resul s from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says : "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children. scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its ciass. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says : I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles, i am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent.'

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
